## New Yorker Buys Riedel Tract On Second Street

A 2.26 acre tract of land in the heart of the Belle Glade business district has been sold to an individual from New York City this week for a reported \$60,000 according to an announcement by Bill J. Bailey, C. A. Bailey Real Estate here. The property, known as the Riedel Tract, is bounded by Avenue A and NW Second St. and extends to the Hillsborough Canal. Harold E. Riedel made the sale to Samuel R. Jones. Bailey said existing buildings would be removed or razed in the near future to make room for new construction; however, dates for actual construction and tenants for proposed buildings were not announced. Further proposed development of the area is the construction of a bridge spanning the canal at 2nd St. The bridge has been budgeted by the city for fiscal 1958. This development of the city is but one of several projects planned or in progress in Belle Glade. Plans have already been announced for the raising of the old theater building on Main St. to make room for a modern, \$40,000 service station. Another \$25-\$30,000 service station is due to be built soon on Main and Avenue E. Proposals have been voiced to build a city commission for a 25-unit nursing development just outside the northeast city limits. Presently, several light industrial firms are making surveys of the Belle Glade area. With the coming of the first actual steps to construct a sewerage system in the city, it is expected that rapid growth and expansion will be seen in the not-too-distant future.

SPORTS  
BEAT

By George S. McKay

Friday, October 4th will be the 1957 kick-off for the Lake Shore Bobcats as they journey to West Palm Beach to meet the Maroon Devils of Roosevelt High School. Coach McCoy, Richardson and Hearst have worked very hard to whip the "Bobcats" into shape.

Their major problem is to offset the depth and experience enjoyed by most of their opponents this year. Despite this, however, optimism runs high among their local supporters and the student body.

With the elimination of the two-plate system in high school ball, I believe the chances are better than ever for not stressing defense. In checking the records I find that the nation's top teams and coaches attribute their success to top defensive units. The overall importance of defense is pointed up in professional football.

In college play Oklahoma's

Bud Wilkinson is considered the top coach in the nation. He has a 40-game winning streak against all collegiate competition with two consecutive national championships.

He has amassed a total of 94 victories, eight losses, and three ties in coaching 892 percent.

The majority of his all-American winners are top defensive players.

The professional 1957 title campaign will open on Sunday, September 29th. The league champion New York Giants look like a sure bet to repeat this year led by the League MVP Frank Gifford of Southern Cal.

I look for the '57 season to be the scene of the wildest scramble seen to date for a division title.

This year's crop of rookies include Willie Gailimore of FAMU who scored three more touchdowns last Saturday against Pittsburgh, Jim Brown of Syracuse, Clarence Peaks of Michigan, Jim Parker of Ohio State, Don Bossler of Miami, Jon Arnett of California, Jerry Tubbs of Oklahoma, a P.U. Horning of Notre Dame, and many others.

It would be almost an impossibility to pick a potential winner with such an explosive array of talent in the field.

Wimbledon Queen Althea Gibson has added another U.S. title to her collection. I am sure she will continue to perform well in the coming season.

sport has to start at a very early age if one hopes to play in national competition. The story of Miss Gibson's career stresses the importance of an early start and the many sacrifices to be made before an individual can enjoy any success at tennis. . . . Mack.

## Stiff Jail Term Given By Lloyd

On Sept. 10 he was given a fine of \$100 or 90 days by Judge Municipal Judge N. D. Lloyd. At the conclusion of the trial, the judge heard Ransom's witnesses who had appeared against him.

Ransom allegedly said he would promptly order Ransom charged with threatening a witness. He was placed in jail under \$200 bond. At the hearing Sept. 13 Ransom was given an additional fine of \$200 or 90 days more if he failed to pay the fine.

**Cards Lose To Rams**  
The four hit pitching of Aaron Patrick of the Boynton Beach Rams was responsible for the 4-2 victory over the Belle Glade Cardinals last week. "Ollie" Davis took the loss.

The Rams, who capitalized

on the five hits Card-Ace Davis served, picked up two runs in the first inning, one in the fifth and one more in the eighth. The Cards made three costly errors.

Johnny Harrison got two of the four hits off the Rams. Ben McCoy was behind the plate for the Cards. This loss is the second of the season. The Cards have seven wins.

**Nursery Available Here**  
Kendrick's Nursery, 209 SW 9th St. announced that they are approved to care for babies from the birth to five and one half years of age.

**Lake Shore Delegate Returns From Camp**  
Mild mannered, soft spoken, respectable James Allen, 513 SW 6th Street, who was selected as the student body delegate to the American Junior Red Cross Center held at Williams Bay, Wisconsin, gave an account of his ten day stay there.

Along with 124 delegates from the mid-western area, he participated in instruction groups which reviewed and discussed the local and international problems facing the Junior Red Cross.

Allen is presently Vice President of the Junior Red Cross in the Glades area and former editor of the Lake Shore High School paper.

While in camp he served as Editor-in-Chief of the camp

newspaper. He hopes to attend college after his graduation from Lake Shore.

**JOB AND WORKER**  
(Continued from Page One)  
decided limp, a result of the fainter paralysis of the left leg and foot.

Here is a case of a man hired for his ability to do a job. Too often employers tend to allow a physical handicap in a person to overshadow that individual's ability to do a job and do it well.

October 6 through October 12 is National Employment Physical Handicap Week and each employer is urged to employ every employee large and small, has been urged by the President of the United States, together with the Surgeon General and responsible business people, to "review their labor needs in light of hiring people for their abilities, asking themselves what specific skills are required to do the jobs that they have to do, and asking themselves if a man with one leg or one eye or one arm, or with glasses, or with a facial disfigurement or loss of hearing could do the job because of his ability and not in spite of his handicap."

The personnel in this office are keenly aware of a tight labor market and are keenly aware of skills, knowledge and abilities that could be utilized but are being wasted because of an old wives' tale that a handicapped worker is a charity case. It's Tougher Than You Think.

The city elections are over for this year. The people have spoken. Let us all get behind the governing body of Belle Glade and push forward for a better community. The Commission may make mistakes, but if you, the voter, will keep speaking your mind, they will make the right decisions most of the time.

Keep 'em Running. . . Since Hurricane Carrie recently has missed us, the seeds are really going into the ground. Potatoes, celery, corn, and vegetables and beans are all being planted in volume. Many compliments are being heard regarding the water control now in operation. It has been suggested, however, that continuous pumping around the city, bringing the canal to keep the water down would be more beneficial than concentrated pumping for short periods of time, bringing the canal down and then letting water rise and pumping the canals down again tomorrow. It seems to be the consensus of opinion that continuous pumping will save fuel in the long run and enable growers in outlying areas

to take quicker action in emergencies than is now possible.

**Jaycees Membership Drive Barbecue Held**  
The winners of the Belle Glade Junior Chamber of Commerce membership drive conducted within the Jaycee organization were treated to a chicken barbecue Saturday, Sept. 14 at the municipal country club by members of the losing team.

The menu further consisted of baked potatoes, tossed salad and refreshments. The team led by Barnes Smith got the treat while C. L. (Tiny) Todd's team got KP duty.

Smith's team: Hubert Anderson, Warren Battle, Bob Eden, Horace Harris, Bill Eggleston, H. B. McCall, Mickey Remley, Perry Rigdon, Charles Rhodes, Don Sellers, Fritz Stein, Fred Van Nostrum, Jim Zawadzki, and others not present.

The losers who served: Willie

Mackham, Bob Mathews, Bobby Newman, George and Merton Rashley, Dan Wallis, Wendall Walls, Bob Wilson, Gerald Tuttle, W. O. Prescott; with Joe Woods as the guest of Bob Wilson.
